IPOs and Equity Offerings Ross Geddes, 2003-06-06 An initial public offering (IPO) is one of the most significant events in corporate life. It follows months, even years of preparation. During the boom years of the late 1990s bull market, IPOs of growth companies captured the imagination and pocketbooks of investors like never before. This book goes behind the scenes to examine the process of an offering from the decision to go public to the procedures of a subsequent equity offering. The book is written from the perspective of an experienced investment banker describing the hows and whys of IPOs and subsequent equity issues. Each aspect of an IPO is illustrated with plenty of international examples pitched alongside relevant academic research to offer a combination of theoretical rigour and practical application. Topics covered are: - the decision to go public- legal and regulatory aspects of an offering; marketing and research- valuation and pricing- allocations of shares to investors - examination of fees and commissions* Global perspective: UK, European and US practices, regulations and examples, and case studies* First hand experience written by an IPO trader with academic rigour* Includes the changes in the market that resulted from 1998-2000 equity boom

Secretarial Audit and Compliance Manual, Third Edition Dr. K. R. Chandratre, 2021-05-30 Since April 2014, Secretarial Audit has become mandatory under the Companies Act, 2013. Subsequently, SEBI has also mandated Secretarial

Audit for material subsidiaries of a listed Company and obtaining a Compliance Certificate for submission to Stock Exchange. Alongwith this, MGT 7 is also required to be certified by a Practising Company Secretary whereby he/she has to confirm comprehensive compliance of the concerned company. Therefore, there are hundreds of compliances which companies have to do in a financial year and giving such a comprehensive Compliance Certificate requires thorough knowledge, different perspective and techniques. This book covers the meaning, benefits, process, approach and entire scope of Secretarial Audit providing detailed checklists with respect to Companies Act, 2013, SEBI Regulations and FEMA Regulations which will be very useful for professionals not only while doing Secretarial Audit but also for routine certifications like MGT-7, MGT-8 or Compliance Certifications mandated under various laws. Key Features Detailed Checklists for Audit on Companies Act, 2013, SEBI (LODR) Reg., 2015, SEBI (PIT) Reg., 2015 and FEMA, 1999 Includes insights on ICSI Auditing Standards Elaborates newly introduced key concepts under Companies Act, 2013 by way of Annexures like SBO, etc. Contains a chapter elaborating key concepts under Companies Act, 2013 which will help professionals to understand and comply with law in letter and spirit. Contains a compilation of useful charts as well as specimen Management Representation Letter and various Declarations required to be obtained from the Accounts and Finance Department Brings greater clarity w.r.t. Rights and Duties of Directors Mark Cardale, 2022-02-10 The new edition of this well-established title (the eighteenth in the series) covers a comprehensive range of topics, from the personal affairs of a director on appointment to the conduct of a company's business and questions of governance and strategy. It gives the reader an understanding of the practical application of all the legal and regulatory issues facing directors, both on a day-to-day operational basis and in relation to questions of importance to long term decision making. Updates to the previous edition include: - new material covering the AIM regime and the AIM Rules for companies, and the application of the Market Abuse Regulation to both listed and AIM companies following Brexit - an updated chapter on insolvency issues, covering the reforms and structures introduced by the Corporate Insolvency and Governance Act 2020 - new and updated sections on directors' 'general' duties under the Companies Act 2006 (including s.172) and on directors' disqualification - reviews of directors' reporting obligations in the Annual Report and otherwise, and of relations with shareholders The new edition also covers the administrative and

accounting obligations of directors under the Companies Act 2006, the role of directors and board decision making, the listing regime and governance arrangements applicable to different types of company, employees and customers, aspects of competition law, requirements concerning the environment, and public company takeovers. Available as an electronic publication, this e-Book provides easy access to formal guidance notes and other publications of third party institutions and organisations and supports cross referencing in the text. This book aims to be a compendium handbook with a legal basis and will help the reader to: - understand the full range of issues which may face directors and those proposing to become directors - provide information and guidance on matters which boards may need to address in their decision making processes, including appendices detailing some practical checklists and a practical Glossary of terms with electronic links to the text aiding the accessibility of the work to all readers. - broaden the horizons of those seeking to understand the extent of the legal, regulatory and practical considerations which may need to be considered in companies both large and small It's an invaluable resource for company directors, company secretaries, and governance and HR professionals in organisations of all sizes, as well as their legal advisers, in house lawyers, company law practitioners, and financial advisers.

Common Legal Framework for Takeover Bids in Europe: Volume 2 Dirk Van Gerven,2010-01-28 The Council Directive of 21 April 2004 on takeover bids sets forth the general principles applicable to takeover bids and clarifies certain minimum rules with respect to the procedure for a takeover bid, the obligation to make a mandatory bid in the event a minimum threshold is crossed and the majority shareholder's squeeze-out right as well as the minority shareholders' sell-out right. Furthermore, the Directive defines the authority which is competent to approve offer documents and supervise takeover bids, and provides for optional restrictions on the actions of the target company's management and on defence mechanisms. This book discusses the Takeover Directive and its implementing rules in each Member State of the European Union and the European Economic Area, providing companies and their advisors with useful insight into the legal framework and principles applicable to takeover bids in the region.

Principles of Corporate Finance Law Eilís Ferran, Elizabeth Howell, Felix Steffek, 2023-09-27 Corporate finance theory seeks to understand how incorporated firms address the financial constraints that affect their investment decisions. This is achieved by using varied financial instruments that seek to give holders different claims on the firm's assets. Recent scholarship in this area has highlighted the critical importance of the legal environment in explaining the choices that companies make about their capital structure. This book combines company law, capital markets law, and aspects of commercial and insolvency law to give readers a detailed understanding of the legal and regulatory issues relating to corporate finance. Informed by insights from theoretical and empirical work, the book examines from a legal perspective the key elements of corporate financing structures and capital markets in the UK. The authors' practical experience of transactions and regulatory issues ensures that thorough scholarly inquiry and critical reflection are complemented by an assured understanding of the interface between legal principles and rules as they are documented and in their actual operation. Key developments covered in this third edition include the post-Brexit adaptation of UK company law and capital market regulation, important new cases on parent company liability in tort, creditor-facing duties of directors, issuer and director liability for misleading statements to the market, alternatives to public market financing, and recent changes in the practice of debt finance.
