The Mag.net Reader 2 Alessandro Ludovico,Nat Muller,2007-06-01 The Mag.net reader 2 - Between Paper and Pixel, edited by: Alessandro Ludovico, Nat Muller

LIFE 100 People Who Changed the World Editors of Life,2016-02-01 Here is a book that will surely spark a lively debate. Who are the hundred most influential religious and political leaders, artists, scientists, and adventurers of all time? How is it even possible to construct such a list? Now, the editors of LIFE comb history, compare notes and dive in. Find out who makes the cut: King Tut or Cleopatra? Thomas Jefferson or George Washington; The Rolling Stones or The Beatles; Steve Jobs or Bill Gates. This is a look at history told through its most charismatic and fascinating characters. It is also full of fun facts, tidbits, arguments and rarely seen pictures, and will appeal to curious minds, young and old alike.

Wayward Vashti Bunyan,2022-04-07 'Magical and transporting . . . Wayward proves that Bunyan has lived the best possible life, on her own idiosyncratic terms' Maggie O'Farrell 'A gorgeous account of outsidership and survival: a map of how to live outside the boundaries and of striving for an authentic artistic life. A quietly defiant and moving work' Sinéad Gleeson 'An epic in miniature . . . I loved - and lived - every sentence' Benjamin Myers In 1968, Vashti Bunyan gave up everything and everybody she knew in London to take to the road with a horse, wagon, dog, guitar and her then partner. They made the long journey up to the Outer Hebrides in an odyssey of discovery and heartbreak, full of the joy of freedom and the trudge of everyday reality, sleeping in the woods, fighting freezing winters and homelessness. Along the way, Vashti wrote the songs that would lead to the recording of her 1970's album Just Another Diamond Day, the lilting lyrics and guitar conveying innocent wonder at the world around her, whilst disguising a deeper turmoil under the surface. From an unconventional childhood in post-war London, to a fledgling career in mid-sixties pop - recording a single written by Mick Jagger and Keith Richards - to the despair and failure to make any headway with her own songs, she rejected the music world altogether and left it all behind. After retreating to a musical wilderness for thirty years, the rediscovery of her recordings in 2000 brought Vashti a second chance to write, record and perform once more. One of the great hippie myths of the 1960s, Wayward, Just Another Life to Live, rewrites the narrative of a barefoot girl on the road to describe a life lived at full tilt from the first, revealing what it means to change course and her emotional struggle, learning to take back control of her own life.

The Dialogue in Hell Between Machiavelli and Montesquieu Maurice Joly,2003 Joly's (1831-78) Dialogue aux enfers entre

Machiavel et Montesquieu is the major source of one of the world's most infamous and damaging forgeries, The Protocols of the Elders of Zion. That, however, was concocted some two decades after he died, and American political scientist Waggoner points to Joly's own text for evidence that he was not anti-semitic and was an intransigent enemy of the kind of tyranny the forgery served during the 1930s. He translates the text and discusses Joly's intentions in writing it and his contribution to the understanding of modern politics. Annotation copyrighted by Book News, Inc., Portland, OR.

Google It Newton Lee,2016-10-23 From Google search to self-driving cars to human longevity, is Alphabet creating a neoteric Garden of Eden or Bentham's Panopticon? Will King Solomon's challenge supersede the Turing test for artificial intelligence? Can transhumanism mitigate existential threats to humankind? These are some of the overarching questions in this book, which explores the impact of information awareness on humanity starting from the Book of Genesis to the Royal Library of Alexandria in the 3rd century BC to the modern day of Google Search, IBM Watson, and Wolfram|Alpha. The book also covers Search Engine Optimization, Google AdWords, Google Maps, Google Local Search, and what every business leader must know about digital transformation. "Search is curiosity, and that will never be done," said Google's first female engineer and Yahoo's sixth CEO Marissa Mayer. The truth is out there; we just need to know how to Google it!

Everlasting Lane Andrew Lovett,2015-01-13 A captivating, absorbing, and suspenseful evocation of the spells of childhood. In a timeless coming-of-age tale as charming and haunting as the movie *Stand By Me*, Andrew Lovett's *Everlasting Lane* tells the story of what happens when nine-year-old Peter's father dies and his mother moves them from the city to a house in the countryside, for what seem to Peter to be mysterious reasons. He's soon distracted, though, by the difficulties of being the new, shy kid at school, and he befriends the other two kids who seem to be outcasts: overweight Tommie and too-smart-for-her-own-good Anna-Marie. Together they try to weather the storm of bullying teachers and fellow students, by escaping into explorations of the seemingly bucolic countryside. There, though, they find other outcasts from society such as cranky Mr. Merridew, who won't leave his cottage in the woods, and Scarecrow Man, who stands in the fields searching the skies. And meanwhile, Peter is disturbed by the growing awareness that his own mother may be some sort of outcast, too—and that she's hiding something from him in a locked room in the attic, a room she's expressly forbidden him from entering. Written in beautiful prose, *Everlasting Lane* is a captivating, absorbing, and suspenseful evocation of the spells of childhood: sun-soaked, nostalgic, with the soft focus and warm glow of a Polaroid—but it's darker than it seems. Will Peter and his mother find the light in that darkness?

Post-Digital Print Alessandro Ludovico,2019-04-23 Digital technology is now a normal part of everyday life. The mutation

of music and film into bits and bytes, downloads and streams is now taken for granted. For the world of book and magazine publishing however, this transformation has only just begun. Still, the vision of this transformation is far from new. For more than a century now, avant-garde artists, activists and technologists have been anticipating the development of networked and electronic publishing. Although in hindsight the reports of the death of paper were greatly exaggerated, electronic publishing has now certainly become a reality. How will the analog and the digital coexist in the post-digital age of publishing? How will they transition, mix and cross over? In this book, Alessandro Ludovico rereads the history of the avant-garde arts as a prehistory of cutting through the so-called dichotomy between paper and electronics. Ludovico is the editor and publisher of Neural, a magazine for critical digital culture and media arts. For more than 20 years now, he has been working at the cutting edge (and the outer fringes) of both print publishing and politically engaged digital art.

The Legends of the Pyramids Jason Colavito,2021-08-03 Could the Great Pyramid of Giza be a repository of ancient magical knowledge? Or perhaps evidence of a vanished pre-Ice Age civilization? Misinformation and myths have attached themselves to the Egyptian pyramids since ancient Greece and Rome. While many Americans believe that the pyramids were built by aliens, archaeologists understand that the Giza pyramids were built by the pharaohs of the Fourth Dynasty around 2450 BCE. So why is there such a disconnect between scholarly opinion and the popular view of Egypt? In *The Legends of the Pyramids*, Jason Colavito takes us back to Late Antique Egypt, where the replacement of polytheism with Christianity gave rise to local efforts to rewrite the stories of Egyptian history in the image of the Bible. When the Arab conquest absorbed Egypt into the Islamic community, these stories then passed into Islamic historiography and reentered the West. Colavito's *The Legends of the Pyramids* lays open pop culture's view of Egypt in movies, TV shows, popular books, and New Age beliefs, detailing how the hidden history of Egypt has grown alongside the official history of archaeology and Egyptology.

Wild Talents Charles Fort,2006-11-01 *Wild Talents* captures Charles Fort at his finest, most thought-provoking, and is considered his wittiest work. Containing accounts of--among numerous other bizarre topics--strange coincidences, vampires, werewolves, talking dogs, poltergeist activity, teleportation, witchcraft, vanishing people, spontaneous human combustion, and the escapades of the 'mad bats of Trinidad.' This is essential reading for those who want to learn about the early years of research into the myriad mysteries of this world and beyond. CHARLES HOY FORT (1874-1932), life-long naturalist and independent journalist, wrote ten novels, though only one, *The Outcast Manufacturers* (1906), was published in the U.S. - critics said it was ahead of its time, but it was commercially unsuccessful. His most recognized work, *The Book of the Damned* (1919), referred to damned data that Fort collected, phenomena for which science could not account and was thus rejected or ignored. Upon his death in 1932, more than 60,000 notes were donated to The New York Public Library.

The ESports Market and ESports Sponsoring Julian Heinz Anton Ströh,2017 In the last decades, the market for digital games has grown to nearly \$100 billion. During this growth, a special gaming segment and community formed

surrounding the direct competitive aspect of games: eSports. The core of eSports is similar to traditional types of sport. Players train to become better, clubs are established, tournaments are organized and fans enjoy watching their game being played on the highest level of performance. With viewers and prize money in the millions, eSports have grown into an economically significant media sport ecosystem and a marketing landscape that started to attract non-endemic companies as advertisers and sponsors. This book analyzes the components of the eSports ecosystem as well as their interactions with each other. Furthermore, the attitude of eSports fans towards engagements of non-endemic companies is researched by using a real case study including the Electronic Sports League and German home loan bank Wustenrot.

The Creative Gene Hideo Kojima,2021-10-19 Ever since he was a child, Metal Gear Solid and Death Stranding creator Hideo Kojima was a voracious consumer of movies, music, and books. They ignited his passion for stories and storytelling, and the results can be seen in his groundbreaking, iconic video games. Now the head of independent studio Kojima Productions, Kojima's enthusiasm for entertainment media has never waned. This collection of essays explores some of the inspirations behind one of the titans of the video game industry, and offers an exclusive insight into one of the brightest minds in pop culture. -- VIZ Media

Looking After Country with Fire Victor Steffensen,2022-01-19 SHORTLISTED FOR THE 2023 WILDERNESS 'KARAJIA AWARDS FOR CHILDREN'S LITERATURE' SHORTLISTED FOR THE 2023 WILDERNESS 'ENVIRONMENT AWARDS' Looking After Country with Fire is a picture book for 5- to 10-year-olds that demonstrates respect for Indigenous knowledge, following the success of Victor Steffensen's bestselling adult book Fire Country. Mother Nature has a language. If we listen, and read the signs in the land, we can understand it. For thousands of years, First Nations people have listened and responded to the land and made friends with fire, using this knowledge to encourage plants and seeds to flourish, and creating beautiful places for both animals and people to live. Join Uncle Kuu as he takes us out on Country and explains cultural burning. Featuring stunning artwork by Sandra Steffensen, this is a powerful and timely story of understanding Australia's ecosystems through Indigenous fire management, and a respectful way forward for future generations to help

manage our landscapes. At the back of the book, you will also find lyrics to a song written by author Victor Steffensen with the same title, 'Looking After Country with Fire'.

Counterterrorism and Cybersecurity Newton Lee,2015-04-07 From 9/11 to Charlie Hebdo along with Sony-pocalypse and DARPA's \$2 million Cyber Grand Challenge, this book examines counterterrorism and cyber security history, strategies and technologies from a thought-provoking approach that encompasses personal experiences, investigative journalism, historical and current events, ideas from thought leaders and the make-believe of Hollywood such as 24, Homeland and The Americans. President Barack Obama also said in his 2015 State of the Union address, We are making sure our government integrates intelligence to combat cyber threats, just as we have done to combat terrorism. In this new edition, there are seven completely new chapters, including three new contributed chapters by healthcare chief information security officer Ray Balut and Jean C. Stanford, DEF CON speaker Philip Polstra and security engineer and Black Hat speaker Darren Manners, as well as new commentaries by communications expert Andy Marken and DEF CON speaker Emily Peed. The book offers practical advice for businesses, governments and individuals to better secure the world and protect cyberspace.

Lily Harford's Last Request Joanna Buckley,2022-02-01 Lily Harford is nearing the end of her once joyful life - and for her, it can't come soon enough. Who will have the courage, kindness and love to grant her last request? A compassionate and heartfelt story for readers of Jodi Picoult, Tricia Stringer and Fiona Lowe. Knowing she is sliding into dementia, Lily Harford is ready to give up her life ... but can she persuade someone to commit the illegal act of taking it from her? Lily has lived a joyful, independent life in a seaside town in Queensland, running her own business and raising a daughter as a single mother at a time when few women did so. Now health and circumstance have pushed her into a nursing home, and her memory is failing, although events of the past remain fresh. Like pulling back the layers of a Russian doll, Lily recalls the former selves - mother, professional woman, lover, daughter - who still exist inside her. Lily's daughter, Pauline, has been pushed to her limits by her demanding job, as well as the needs of her mother, husband, daughter and grandchildren. And now her mother is begging to die. Nurse aide Donna, still recovering from a dysfunctional childhood and the demise of her marriage, finds comfort in Lily's kindness and down to earth wisdom. As Lily fades, she asks Donna, too, to help her end her life. A thought-provoking, vivid and moving exploration of how we value a life well lived, and the decisions we make when that life is coming to an end. PRAISE 'Joanna Buckley has done an excellent job weaving a highly sensitive issue into a tale with great humanity.' - The Weekend Australian 'This exquisitely written story reels you in ... I highly recommend this wonderful book.' - Better Reading
