**The Bilingual Text** Jan Walsh Hokenson, Marcella Munson, 2014-06-03 Bilingual texts have been left outside the mainstream of both translation theory and literary history. Yet the tradition of the bilingual writer, moving between different sign systems and audiences to create a text in two languages, is a rich and venerable one, going back at least to the Middle Ages. The self-translated, bilingual text was commonplace in the multilingual world of medieval and early modern Europe, frequently bridging Latin and the vernaculars. While self-translation persisted among cultured elites, it diminished during the consolidation of the nation-states, in the long era of nationalistic monolingualism, only to resurge in the postcolonial era. *The Bilingual Text* makes a first step toward providing the fields of translation studies and comparative literature with a comprehensive account of literary self-translation in the West. It tracks the shifting paradigms of bilinguality across the centuries and addresses the urgent questions that the bilingual text raises for translation theorists today: Is each part of the bilingual text a separate, original creation or is each incomplete without the other? Is self-translation a unique genre? Can either version be split off into a single language or literary tradition? How can two linguistic versions of a text be fitted into standard models of foreign and domestic texts and cultures? Because such texts defeat standard categories of analysis, *The Bilingual Text* reverses the usual critical gaze, highlighting not dissimilarities but continuities across versions, allowing for dissimilarities within orders of correspondence, and englobing the literary as well as linguistic and cultural dimensions of the text. Emphasizing the arcs of historical change in concepts of language and translation that inform each case study, *The Bilingual Text* examines the perdurance of this phenomenon in Western societies and literatures.

**The Land of Cockayne** Matilde Serao, 2021-05-20 *The Land of Cockayne* is an impactful Italian fiction based on the passion for gambling and the sinful effect of the national lottery in Naples on all the classes of society. The lottery proves to be fun but ultimately a curse for the Marquis of Formosa, Gaetano, the glove-maker, Carmela, the factory girl, and her bold lover Raffaele. Cesare, a rich pastry maker, loses everything he has in the hope of obtaining money from the lottery for a new journey. The Marquis is a wreck and is ready to sacrifice his weak daughter, Lady Bianca, to his awful passion. A medium he and his friends take advice from about gambling makes him believe that Bianca's virtue may call on the spirits to indicate the lucky numbers. The Marquis ruins her health and happiness, trying to push the powerless, frail girl to see ghosts. The novel covers many significant events that follow in a way that will move the reader. The story presents incredibly the details on Naples, its people, and their never-ending desire to get rich through gambling, no matter the consequences.

*Debussy* Stefan Jarociński, 1976 From the first, Debussy's music lent itself to all kinds of convenient critical labels, of

which the most fashionable has always been 'impressionist'. In this book the doyen of Polish musicologists examines Debussy's output against the twin backgrounds of his upbringing and of contemporary movements in the other arts besides music. He concludes that the 'impressionist' analogy between music and painting has been too deceptively obvious, and that the movement with which Debussy's art is most deeply impregnated is Symbolism. This he shows by a review of the general aesthetic ferments of this age, by close analysis of Debussy's music, his early works in particular, and by well-directed quotation from Debussy's own many writings on the subject. In the course of his argument he leads the reader down many unexpected bypaths in aesthetics; his book is both an original contribution to musicology and a philosophical meditation on the whole of the art of this unusually fertile and adventurous period.
